

Urban KID

- Descendant of the elevated challenge course, Urban-Adventures Kid offers two versions (event-driven or permanent) and a unique safety system with a shock-absorbent ground.
- Stand-alone and dismountable, the mobile version can be installed indoor-outdoor at public squares, during events and also near outdoor malls or fairs.
- Urban Kid is accessible to participants aging from 2 to 6 years old.
- Thanks to its small size-from 8.2' to 11.48' high, Urban-Adventures Kid is also designated for vacation villages seeking low-element structures for children to play in family entrainment center or in an indoor gym without any supervision.

- Starting at 2 years old... jump, climb and fly!
- Free of harness with a wide variety of obstacles.
 - 100% EDUTAINMENT
 - RETURN on INVESTMENT within 2 years!
